ABOUT ME

Creative and technically skilled hybrid professional with 10+ years of experience designing and building responsive, accessible, and scalable digital products. Proven ability to lead design systems, craft intuitive user experiences, and translate UI/UX into performant, modular code. Adept in Figma, React, Vue, Next.js, Tailwind CSS, and ShadCN. Passionate about improving user experience through thoughtful design, clean architecture, and collaborative workflows.

EXPERIENCE

SENIOR PRODUCT DESIGNER & FRONTEND ENGINEER

Mass Virtual | Orlando, FL | February 2021 - Present

- Lead UX/UI design for XR interfaces, internal tools and our learning management system (LMS) used in military and VR-based training
- Led frontend development for internal tools and LMS interfaces
- Designed high-fidelity prototypes in Figma and implemented accessible, responsive UI components using React, Next.js, Vue, TypeScript, Tailwind CSS, and ShadCN
- Spearheaded adoption of a company-wide design system, improving consistency and development speed
- Created analytics dashboards, workflows, and instructor/student portals to streamline training
- Partnered with VR teams to integrate training modules and interfaces
- Rebranded interfaces for usability and visual cohesion across PWA applications
- Contributions featured in marketing collateral and I/ITSEC trade show demos

PRODUCT DESIGNER & FRONTEND WEB DEVELOPER

Guideline Central | Lake Mary, FL | June 2018 - February 2021

- Designed publishing tools supporting healthcare guidelines, creating responsive CMS interfaces
- Built mockups, wireframes, and prototypes to support product workflows
- Collaborated with developers, implementing designs with Sass, Bootstrap, and responsive frameworks
- Provided design assets, documentation, and feedback loops to development teams
